Logos

Penguin Empire Logos must be used only under the following guidelines, and without any alteration with the exception of yearly themed logos:

Penguin Round

The Penguin Round will appear on all team documents in the top right corner, in line with the title of the document. A Black and White Round will appear on the sleeve of every year's t-shirt design. There are two acceptable logos in this style. The following logo [LightLogoRound-LowRes.png](#) is the preferred logo. It should be used on a White #ED background, or if not realistically possible, a White #ff should be used. In instances where the light style logo is not

artistically acceptable, the following dark style logo [DarkLogoRound-LowRes.png](#) should be used. The dark themed logo should be used on a Black #19, or a Black #00.

Penguin Round with Name

The team name will only appear alongside the Penguin Round on marketing materials that do not include the team name in a title anywhere else. The team name must appear directly to the right of the Penguin Round. The light style [LightLogoLong-LowRes.png](#) and dark style [DarkLogoLong-LowRes.png](#) logos should be used in the same manner as the logos without the team name.

High Res Logos

All large format displays such as banners or slideshows should use the higher resolution images found under the [Official Logos Folder](#)
